

Herpetology Camp Sign Up Form

About the program:

Herpetology is the study of reptiles and amphibians. BRMC invites your child to spend two days hiking and handling, searching, and observing salamanders, frogs, lizards, snakes, and turtles on our preserve. As we discover more about these unique creatures, your child will add to his or her understanding of nature.

Ages 7–12. Each session will be limited to 15 participants.

Full payment is required to hold your spot.

Please call BRMC with questions at 703-753-2631.

Conservancy**

Bull Run Mountains Conservancy, Inc., (BRMC) is a nonprofit 501(c)(3) organization founded in 1995 to protect the Bull Run Mountains through education, research, and stewardship. Our Youth Outdoors program including nature camps, birthday adventures, school programs, internships, scout programs, and Halloween Safari continues to be a cornerstone of our mission. The program shows kids that the outdoors is fun and exciting, and teaches them that we all have a responsibility to protect and enhance our public lands and nature preserves.

The sprawl of the Washington, D.C. metro area is coming west, making the land we care for an ever more important sanctuary. We provide refuge with our 10 miles of hiking trails and field experiences with our education programs for teachers, students, and residents. BRMC supports professional-caliber research of lasting importance; and offers internships and research opportunities for high school, college, and graduate students.

Membership Benefits:

- ◆ Support of education programs for the public and school groups
- ◆ Support of scientific research
- ◆ Support management of the natural area
- ◆ Quarterly newsletter including our program calendar
- ◆ Invitation to the annual membership events
- ◆ Discounts on all public programs, trips, and events

Student \$15 ◆ Senior \$20 ◆ Individual \$25 ◆
